6000 SurroundCook Clean enamel Built-in Oven

OU5NP20B

Expect even, every time
The golden brown on a potato gratin. The deep crust on a fillet of beef. The moist depths of a rich chocolate cake. Achieving even results time after time demands precisely controlled heat, distributed consistently throughout your oven. Unlike standard ovens, the SurroundCook® oven's advanced fan technology ensures that every

Product Benefits & Features

Double oven - double dishes for double delicious
Effortlessly cook two meals at once. With the Double Oven you have the choice of fan cooking, conventional cooking and grilling. Giving you two separate areas where you can chose to bake or roast two dishes at the same time

An at-a-glance overview of the status of your dish
The timer display provides an at-a-glance overview of the status of your dish. Its clear screen enables you to set an alarm, check directly on the time remaining before your dish is ready and to adjust the timer with accuracy and precision.

Your dishes evenly cooked in every corner
Our Even Cooking system circulates heat throughout the oven, ensuring everything cooks evenly. All without the need to turn your dish. This technology helps the oven heat up faster than a conventional oven, saving you time in the kitchen.

A quicker way to toast and crisp
This highly efficient grill takes less time than traditional ovens, and will toast, crisp or brown your dishes to precision.

An accessible oven
This oven is designed with accessibility in mind; the trays can be inserted quickly and smoothly into the racks.

- Electronic touch controls.
- Cooling fan
- Fan controlled defrosting: Great for delicate items like cream cakes, by using room-temperature air to defrost food in half the time.
- LED digital display
- Isofront® double-glazed doors with a heat reflective coating.
- Retractable controls
